Fusion Merely Surmise of Newspapers Says H. Allen Who Returned on Friday

Hugh Allen, M.L.A., and Mrs. Allen arrived home from Edmonton on Friday.

Interviewed on the train by The Tribune reporter, Mr. Allen stated that no talk of fusion was merely newspaper surmise and that there was no indication in that direction.

Reporter: "Is there any truth in the report that the cabinet will soon be re-organized?"

Mr. Allen: "I don't look for that to happen at the present time. Some changes may take place before the next election. The government can still go fourteen months."

In reply to a question put by the reporter regarding redistribution, Mr. Allen said that the redistribution committee could not agree, so this matter will come up at the next sitting of the legislature.

Mr. Allen gave it as his opinion that the Peace River will be granted another seat, to be carved out of the other seat.

Judge Dubuc Was Tendered Farewell Banquet by Bar

His Honor Judge Dubuc visited Grande Prairie on Friday to complete some cases which had been opened for him. The Bar Society took advantage of the occasion and tendered him a farewell banquet held in the Grande Prairie Hotel in the evening.

The function was very enjoyable and was attended only by Judge Matheson, the members of the bar and court officials.

Mr. W. Kagar, president of the Bar Society, who was in the chair, referred briefly to the career of the profession which he had at all times made matters much easier from a judicial point of view. He requested his Honor would again visit the district not necessarily in an official capacity but socially.

Judge Dubuc, in reply, referred to the very high standard of the legal profession in the district and their absolute frankness and honesty in argument on behalf of their clients, which made matters much easier from a judicial point of view. He requested his Honor would again visit the district not necessarily in an official capacity but socially.

He referred to Judge Matheson in the highest possible terms, stating that the bar and the district were very fortunate to have a man of Judge Matheson's high qualifications appointed to the district.

Judge Matheson, who was then called upon, observed that he hoped that should be the case and that the same kindly things would be said of him had been expressed about the retiring judge.

Short speeches were made by all those present, expressing their high esteem in which Judge Dubuc is held and his never-failing courtesy to the members of the profession.

Forty-Six Carloads Make Up P. R. Stock Train

There were three carloads of cattle and hogs shipped from Grande Prairie on Sunday last. Sixteen cars of cattle and hogs and one carload of horses came from the West. A carload of hogs and a few cattle were picked up at Chetum.

At Grande Prairie bacon has brought \$1.00 while select brought a dollar premium. Good cattle brought \$1.00. It is estimated that between three and four thousand dollars were paid out at this point.

The Tribune was informed that it was expected that 40 carloads of stock would leave McMinn.

The carload of horses, which were shipped by R. B. James, horse buyer of Crossfield, Alberta, are destined for Nova Scotia.

In conversation with The Tribune reporter, Mr. James stated that he purchased the horses in the Beaver Lodge, Hythe and Valhalla, and that the carload made the fourth which he had shipped out of the country. He further stated that he would return on Friday and go to the Black, where he expects to buy a few carloads of good horses.

Good Companions To Conduct Service Sunday Evening

The Young People of St. Paul's United Church will have charge of the evening service on Sunday evening. The service will be held at 7:30 p.m. and will be held in the church.

The speakers will be Miss Jean MacNeil and Mr. Norman Black. The latter will speak on "Heaven's Gate" and the former on "The New Youth Movement" and "The New Youth Movement."

Grande Prairie constituency before the next election.

Asked about the creamery situation, Mr. Allen replied that there is a price war on the outside, and the government had been requested to lay down some regulations to stabilize the industry and stop the disastrous price cutting policy.

As there were twelve applications for licenses, including the one from Grande Prairie, it was decided to refer the whole question to the standing agricultural committee in order to give the parties interested an opportunity to make representations. After a full discussion of the question of the matter it was decided to refer it to the Public Utilities Commission, which body has had considerable experience in handling the milk industry, both in Edmonton and Calgary.

A decision said the M.L.A. is expected this week.

Since this statement was made, Mr. Stilling, who went to the legislature in connection with the license which was being withheld, wired the Grande Prairie Board of Trade that a license had been granted the Grande Prairie Creamery.

Discussing the ten-week season, Mr. Allen said that it had been very satisfactory, some very important legislation being passed, among which was the amendment of the Liquor Act which was another important piece of legislation passed. The vote was a non-party one. The vote was a non-party one.

"Personally, I think the liquor interest were ill-advised in asking for a change in the act at this time. I voted against the amendment."

Continuing, Mr. Allen observed that some of the amendments offered were quite justified, such as placing licensees under a strict code of ethics, and the amount of license fees.

The changes in the Debt Adjustment Act were of a minor nature, said Mr. Allen, who added that there was a strong desire to put a stop to the temporary amendments which are made from time to time, regardless of how bad the financial condition of the country is.

"This view was held by members of all parties," said the M.L.A., who showed evidence of the long session.

Provision has been made for the Beaver Lodge entries to compete on May 22 and 23. This arrangement has been made in order to be confined with the sports day to be held at the lodge on May 24.

All entries, together with entry fees, must be in the hands of the secretary before May 12.

The adjudicators are as follows: Music, Vernon Barber; Education and Dramatic, Ted Cohen; Folk Dancing, J. E. Hutton.

The members of the Grande Prairie Symphony Orchestra in the Capital Theatre on Sunday evening were privileged to hear a very fine musical program, composed mostly of orchestral selections. All these selections were well known to the audience.

These were particularly the heavier ones—"Humoresque," "Pomp and Circumstance," and "The Priest March." These were played with great skill and interpretation.

The orchestra program was composed of light marches and fine orchestral music. The program was very successful.

CONSTRUCTION OF TRANS-CANADA HIGHWAY PROGRESSING RAPIDLY

Above is a rough map showing the Trans-Canada Highway as it stretches across northern Ontario. The highway is completed in eastern Ontario and sections in the west of the province are finished. It is estimated that 12,000 men are working on the road between Kenora and Vermilion, Dymont and Port Arthur, and the section running from Nipigon to Schreiber as the Ontario government pushes the work that the United States has been doing.

The line dotted line which connects Carleton Place and Hearst to White River, is the proposed route of the highway which will join and proceed to Schreiber to complete the Ontario section of the great Trans-Canada Highway.

HOSPITAL DAY WILL NOT BE OBSERVED THIS YEAR AT G. P. MUNICIPAL HOSPITAL

Assumed That New Grading Of Garnet Wheat Will Not Be Proclaimed This Year

What will be the fate of Garnet wheat—which forms a large percentage of the wheat grown in the Peace River country—has been causing the farmers here no little worry.

According to an item appearing in the last issue of the Financial Post, the Government of Canada has decided to grade Garnet wheat for the year 1934.

The decision was made by the Minister of Agriculture, Mr. Bennett, after a long and careful consideration of the matter.

Finished Seeding 450 Acres Wheat On Tuesday

On Wednesday afternoon a man wearing a straw hat was seen coming into town from the east on horseback.

As he passed The Tribune office it was noted by a by-law officer that the rider was none other than Bill Dryden.

Now there was nothing unusual in that, as Bill had been riding on a horse named "The Old Man" for some time.

The highlight of the story is that Bill yesterday finished seeding 450 acres of land—fast work!

Interviewed while he was still on the horse, he said that he was still on the horse, and that he was still on the horse.

When told by the reporter that the prospects were that there would be no change in the grade this year at least, Bill smiled and observed, "That's good."

The horse responded to the spur and Bill proceeded west along the road's main street.

Councillor Croken Resigns Following Passing of the Wed. Half-Holiday Bylaw

Estimates of the Various Departments Brought Down—Provision Made for Considerable New Sidewalks Construction—Mill Rate to Be Struck Soon

The contentious Wednesday half-holiday was finally disposed of on Monday evening last when the by-law received its third reading and was passed.

A bombshell was thrown into the meeting when immediately following the passing of the by-law Councillor Croken rose and tendered his resignation.

He stated that he was not in the mood to continue in the council, and that he was resigning.

The Mayor said that his resignation must be given in writing. "That will be done," replied Councillor Croken, and he left the council chamber.

Mr. Croken was chairman of the town hall and reception committee and had been in the finance and public works committee.

L. C. Porteous moved that the hour of council be changed from 7 o'clock to 12. "If this idea I will vote for," he remarked. As the motion was carried, the council adjourned.

HAS INSTALLED THE LATEST WORD IN ELECTRIC PUMPS

Mr. Andy Wilson, the postmaster, has installed a new pump, which is the latest word in pumps.

Just have to throw in a switch and then stand back and admire the water coming out.

Personally, we heartily approve of this pump, as we have had a rather back-breaking experience with the old one.

One day, in a week moment, we were invaded by two of the younger daughters of the house, who had a boiler full of water, and started at it with great zeal.

After pumping for what we considered enough time to overflow the boiler, during which time we saw young ladies were admiring our technique, and incidentally "kidding the troupe" as to how well it was being done, we turned to look at the boiler, and found about four inches of water at the bottom. This was not so good.

However we plugged along, and finally the point of exit was reached, and an inch of the top and called it a day. Afterward it was found that the young ladies going to the pump house, escorted the boiler, we sneaked down the line, thus avoiding the risk of break off diplomatic relations.

Again we wish to state that we heartily approve of this electric pump.

WILL BUILD UP-TO-DATE STORE AND BAKE SHOP

James Walter, who has purchased the lot next to the post office formerly occupied by the U. F. A. hall, will build an up-to-date store and bake-shop during this building will be ready for occupation by June or July.

PEORIA NEWS

PEORIA, April 24.—Field work is now in full swing and the hum of the tractor can be heard for miles far as the reporter knows, everyone who has a tractor is using it this spring. This makes a total of about fifteen gas-tractors.

Mr. Art Thompson of Wankarem and his family have recently moved to a neighbor, Mr. George Reiswig.

Last Saturday quite a few went down to the creek bank. A lost sheep was there and Dan Reiswig's family took it home till the owner, wherever that may be, comes to get it.

Mr. R. J. Taylor is a very busy man these days. He is making a water power to run a shingle saw. Good luck to you, R. J.

Last Wednesday a special U. F. A. meeting was held and a very important discussion was on the program.

Mr. Harold Reiswig moved with his tractor to near Wankarem where he has a job planting and doing about one hundred acres for Mr. R. J. Taylor.

BEZANSON NEWS

ON LAND A MONTH EARLIER

BEZANSON, April 23.—Land work has started in the East End almost a month in advance of the starting date for 1934. Last week very little work was done before May 17, but now the snow is melting and the ploughs holding more water than has been the case for several years, the seed should have an excellent start.

PIES MAKE A HIT

All those who attended the social and dance at the hall on Friday night had a steady time, and this was the last dance until after seeding, everyone was anxious to crowd in to be in evidence with the Friday, May 4, celebration.

About fifty pies were auctioned off at midnight, and judging by the remarks made as regards the quality of the pies, the ladies of this district may have to take second place to any other in the country.

The committee in charge of the hall are to be congratulated on the excellent way they have conducted the social affairs, and it is to be hoped that from a financial standpoint it has been a very successful one.

Mr. G. W. Ferris is once more busy with his truck, at present hauling oats to Grande Prairie.

Mr. E. Peckham has about come to the end of his rope, having started about April 10.

Miss Irene Johnstone has gone to work at Clairmont.

Quite a number of the East End are in a grand state with hogs on the ground. While the price holds up, they will be able to make a nice little harvest every three weeks.

DIST. MORE SELF-SUPPORTING

Mr. Oscar Ahlmetti has built a new blacksmith shop and will shortly be in a position to handle almost any kind of work as well as almost anything in the woodworking line. He at last will be able to make a nice little profit on his winter. Little by little the district is becoming more self-supporting.

Mr. and Mrs. R. Patterson were not visitors at DeBolt.

SCENIC HEIGHTS
The hall is practically a deserted place these nights since the Edmonton Club finished their season.

George walking to town for repairs. Gladys riding in the water with her little boy friend.

Allen wishing Vancouver was not so far away.

Beatrice going around with a smile on her face these days. We wonder why.

BASEBALL BOYS PRACTISING

Baseball seems to be a popular sport in this district. The boys are practicing hard and are expected to be in good shape for the season.

Mr. Archibald brought in some new equipment and they are busy getting it ready for the season.

A few of last year's players will be making their debut this year.

There were some new settlers who seem to be able to fill in for the ones lost. So here's hoping they will have as good a team as the ones which can still bring home the bacon to this neck of the woods.

WANHAM NEWS

WANHAM, April 23.—The farmers are all on the land and seeding will be general this week.

Mr. W. J. Thomson, the district agriculturalist, was a visitor to town last week to arrange for a quantity of seed to be distributed.

Mr. H. Pedlar returned Friday from a holiday visit to Coast points.

The regular meeting of the Board of Trade was held last Thursday, when a full number of business was transacted.

Mr. Thompson drove through from Hylle over the week-end with his car. He reported the road was in good condition up to Prestville. From there, the road was in a bad condition.

This piece of road around Prestville has been a trouble to cars for years. It may be that these days the municipality to do some road work here.

Sam Rouleau left last week for Minto, where he got a permanent position as a mail carrier.

Henry and Jim Ferguson are back on the homestead for the summer.

John Ferguson seems to be a busy man these days, overhauling all the cars in and around Belloy.

Belloy It or Not, by Ripley

The hall is practically a deserted place these nights since the Edmonton Club finished their season.

George walking to town for repairs. Gladys riding in the water with her little boy friend.

Allen wishing Vancouver was not so far away.

Beatrice going around with a smile on her face these days. We wonder why.

BASEBALL BOYS PRACTISING

Baseball seems to be a popular sport in this district. The boys are practicing hard and are expected to be in good shape for the season.

Mr. Archibald brought in some new equipment and they are busy getting it ready for the season.

A few of last year's players will be making their debut this year.

There were some new settlers who seem to be able to fill in for the ones lost. So here's hoping they will have as good a team as the ones which can still bring home the bacon to this neck of the woods.

WANHAM NEWS

WANHAM, April 23.—The farmers are all on the land and seeding will be general this week.

Mr. W. J. Thomson, the district agriculturalist, was a visitor to town last week to arrange for a quantity of seed to be distributed.

Baseball is still being played in the district.

ENJOYING FINE WEATHER

Warm summer weather is being enjoyed very much by everyone. Work has started in general and everybody is head over heels in the midst of the rush, consequently work is scarce.

ANOTHER LIVE STOCK SHIPMENT

Mr. Archibald leaves for Edmonton on Sunday's freight with another shipment of live stock.

LITTLE GIRL INJURED

A rather serious accident occurred when one of the schoolboys threw a large sheet of paper under the horse pony ridden by the two little Venzal girls.

The animal became very frightened and kicked his young riders, causing one of them to be contused. The other was thrown to the back when she fell on a lunch pail. We sincerely hope for a speedy recovery.

ASPEN RIDGE

ASPEN RIDGE, April 23.—Wedding bells are ringing again in this district. Last Wednesday Mr. Ronald C. Penney and Miss Jeanne S. McNell were united in holy matrimony. The wedding took place in Wankarem, the Rev. R. Strachan conducting the ceremony.

The bride's sister, Miss Annie McNell, was bridesmaid and Mr. J. M. Gomersy, aided by Mr. James McNell, acted as best man.

The ceremony a beautiful wedding supper was partaken of at the home of the bride's parents, Mr. and Mrs. Donald McNell.

After supper the party conducted the happy couple and many friends called in to spend an enjoyable evening dancing at the room's new home.

The young couple will reside on the bride's parents. Mr. and Mrs. McNell.

MOVING HIS GENERAL STORE TO SPIRIT RIVER

SPIRIT RIVER, April 19.—R. E. Baskin, merchant of Pouce Coupe, in the Peace Block, is now moving his general line of merchandise to Spirit River in about two weeks.

Mr. Baskin, formerly a resident of Spirit River, operated a wheat farm in this district for several years.

BASEBALL MAKING A "HIT"

Baseball seems to be making quite a "hit" in this district. The East Side boys played the West Side team on Friday, April 20, and the game was a very close one.

The game seemed to be rather a slug-bat game—the score being 25 to 15 in favor of the East Side team.

We understand the ladies intend to organize a softball team. The boys will have to play better than this.

Mr. C. G. Cruth has his new house nearly finished and is putting on a dance in it by way of celebration this Friday.

The fine weather of the past week is ideal for farming and everyone is enjoying taking advantage of it. Quite a few have started seeding and this week should see everyone at it.

We are beginning to think spring is here when we see most of the birds back from their croaking, and see cranes in bloom.

Mr. Ted Reintz arrived back on Sunday, in time to begin spring work.

Visitors to a tower to be erected on the shore of Pellick lake, Copenhagen, Denmark, will be able to see a view of a restaurant 900 feet above the ground. The structure will be 1000 feet high. RUSSIA RAISING OSTRICHES

Having discovered that ostrich meat has a delicious flavor, the Moscow Zoological Park has been breeding ostriches on a large scale. Each pair raises fifteen or sixteen chicks a year. When fully grown the birds weigh between 100 and 135 pounds. It is planned to breed large numbers of ostriches in the southern steppes of the Soviet Union. Because of its thick layer of fat, which originally served as a protection from the semi-tropical sun, the ostrich can endure the cold Russian winter, even at the latitude of Moscow. In its new home the ostrich still holds to its native calendar and begins to lay eggs in the fall, which corresponds to the spring of the Southern Hemisphere.

SAHARA WAS ONCE POPULATED

Professors Gautier and Regagnese of Algiers University reported they had found indications that the Sahara, now lost, once flourished in the Sahara desert. The two French scientists returned from an exploration of the Tassili Des Ajer region, 30 miles south of Port Polignac, to say they had dug from the barren sand, rich art treasures. These, they said, included rock paintings and carvings with stone-age axes and tools.
